***Technology and Development Grants for New Mexico Nonprofit Organizations***

**Albuquerque, New Mexico and Rio Rancho, New Mexico** (February 9, 2007) – Data-Scribe™ and The Grant Plant are seeking applications from New Mexico-based nonprofit organizations for their New Mexico Technology and Development Grant program (NMTDG). In the spring, four service grants will be awarded and can be used for Web site services from Data-Scribe™ or resource development services from The Grant Plant. The application deadline is Tuesday, March 13, 2007.

“The Grant Plant decided to partner with us on this round of the grant cycle,” notes Leila Johnson, communications specialist for Data-Scribe™. In 2006, Data-Scribe™ awarded service grants to the Albuquerque Independent Business Alliance, Grant Chapel AME Church, Child-Rite, and The Crossroads. She adds, “This will be a great way to offer even more to the New Mexico nonprofit community.”

Tara Gohr, resource development specialist for The Grant Plant, stated, “We’ve seen the good results that Data-Scribe had with their previous philanthropic efforts and we felt that by joining with them in this round of grant-making that both of our small businesses will be able to help out even more nonprofit organizations that do so much to improve the quality of life in New Mexico.”
