## New Resource Launched for New Mexico Nonprofits

Albuquerque, NM, 9/27/06 – The Grant Plant has launched a new resource for New Mexico nonprofit organizations that identifies funding opportunities and events applicable to the state.

The Funding & Events Calendar details various sources of grant funding as well as events that local nonprofit organizations may find useful. “This calendar is inclusive to all types of nonprofits,” notes Erin Hielkema, co-owner of The Grant Plant. “Our hope is that it will serve as a resource to New Mexico nonprofits, saving time for nonprofit executives, staff, and volunteers by freeing them to focus on their programmatic concerns.” The calendar includes the grant funding opportunity name, deadline, program description, dollar amounts, and eligibility requirements, as well as where to find more information on the opportunity.

The Funding & Events Calendar can be accessed online at The Grant Plant’s website: [www.thegrantplantNM.com](http://www.thegrantplantNM.com). Those interested in posting opportunities or events on the calendar are welcome to contact The Grant Plant by following the website links.

ABOUT THE GRANT PLANT—The Grant Plant provides comprehensive grant writing services to New Mexico nonprofit organizations. Visit their website at [www.thegrantplantNM.com](http://www.thegrantplantNM.com).
